

How can the FCC turn a blind eye to Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election? Would the FCC sit so idly by if the documentary was Fahrenheit 911?

Please, for the sake of fairness and objectivity, put a stop to this. Sinclair Broadcasting uses the public airwaves for free and they do so for the public good, not to force feed propaganda. A dangerous precedent is being set. Make it right.
